Washington, DC 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for E. Main Street (Sr 153) & Nickel Plate Ave Intersection Improvement in surface transportation reauthorization legislation.

The project sponsor for this project is City of Louisville and the project is located at E. Main Street (Sr 153) & Nickel Plate Ave, Louisville, Ohio 40401.

The funding is designated for improvements to the East Main Street and Nickel Plate intersection, including widening the intersection, providing left-turn lanes, and replacing public utility and traffic control infrastructure.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: reducing the number of accidents occurring at the intersection and increasing public safety for trucks and school buses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Bob Gibbs  
Member of Congress
